**Sponsoring “International Workshop on
Cryptography, Robustness, and Provably Secure
Schemes for Female Young Researchers
(CrossFyre)”,
November 2- 3, 2015, Nijmegen, Netherlands
<http://crossfyre15.cs.ru.nl/>**

CONCEPT

The workshop aims to bring female researchers in the field of Cryptography and Information Security together to promote their research topics and careers as women in science and engineering. We hope to encourage a tighter cooperation between women in Cryptography & Information Security and to motivate joint papers. The event also provides an opportunity for female researchers to network. Although the workshop is primarily aimed at female researchers, male researchers are also invited to take part.

ORGANIZATION

The workshop will be organized by the Digital Security (DS) group from Radboud University, Nijmegen.

WORKSHOP FORMAT

- Keynote talks
- Fellow researchers introducing themselves: Selected fields in cryptography, security, robustness, provable security, etc. are briefly outlined
- A plenary discussion on positions and perspectives of women in research and gender stereotypes.
- Social dinner

TWO SPONSORING FORMULAS

• Gold sponsor

Your advantage:

- Your logo on the website
- The complete address list of the participants
- Your gadget/leaflet in the attendee welcome pack
- Possibility to have 1/2hr presentation
